

Tawny Weber has always loved romance - all the way back to when she was checking out couple stories in the grade school library. Despite her family's warnings, all that romance stuff didn't warp her (too much). What's more rewarding than reading about the crazy twists and turns to happy ever after, and even better... steamy hot love scenes? Nothing - those are the good things in life. Add to that a lifelong wish to write and a nudge from her husband to pursue her dreams. She took the leap. The result? Three Golden Heart nominations and a Harlequin Blaze contest win on the way to her coveted first sale to Blaze.

Tawny's usually found dreaming up stories in her Northern California home, surrounded by dogs, cats and kids. When she's not writing hot, spicy stories, she's testing her latest margarita recipe, shopping for the perfect pair of boots or drooling over Johnny Depp pictures (when her husband isn't looking, of course). Her alter ego, MOM, also spends a lot of time scrapbooking and playing in the garden. Please visit Tawny at her home on the web www.TawnyWeber.com . She'd love to hear from readers.
